

Income and Neighborhood Planning Areas

Introduction

The purpose of this effort is to produce information about the distribution of family incomes for each of the City's Neighborhood Planning Areas (current areas and potential future areas). The resultant products include:

- Percentages of a Neighborhood's family households by income category,
- Median Family Income (MFI) for each Neighborhood,
- ranking and graph of all Neighborhoods by MFI,
- graphs of each Neighborhood family income profile.

Family Income by Neighborhood Planning Area

Austin, Texas
