

Small Group Discussions:

The Task:

- On the flipchart, develop for each option a list of interests met by that option (those interests listed below as well as any other interests of users of the roadway).
- Identify any new options that better meet the interests of all users of the roadway.

Group Roles: Please appoint someone for each of the following roles:

- **Scribe** to record group's ideas on the flipchart
- **Timekeeper** to allow equal participation
- **Facilitator** to keep the discussion focused on the group's task
- **Spokesperson** to report back to the larger group

Interests Identified:

- **Safety:** pedestrians, bicyclists and motorists
- **Mobility:** providing bike lanes to make bicycling a viable commuting option, thereby reducing traffic congestion and air pollution; free flow of automobiles
- **Parking:** adequate on-street parking for residents on Shoal Creek Boulevard
- **Aesthetics:** an acceptable solution for residents and commuters
- **Compliance with City Ordinance:** On all bicycle routes where new or reestablished bicycle lanes are needed, parking will not be permitted in bike lanes.
