**1 barrel (\$60)**

**2 barrels (\$120)**

**3 barrels (\$180)**

**4 barrels (\$240)**

The goal of the Rainbarrel Distribution Program is to introduce the concept of on-site rainwater harvesting to Austin citizens. Only customers of the City of Austin Water Utility and municipal utility districts (MUDs) who purchase 100% of their water from the City of Austin are eligible for this program.

The participant understands the City of Austin makes no claims as to the safety or reliability of installed equipment or resulting water. The participant agrees that the water is to be for non-potable (irrigation) uses only. The undersigned participant understands and agrees that the system **must remain operational for five years** and if the system is not operational for the full five years, the City will be entitled to recover a prorated portion of the rainbarrel cost.

The undersigned participant further understands and agrees that the price paid for a rainbarrel under this agreement is non-refundable, and that a rainbarrel purchased under this agreement may only be exchanged for another rainbarrel if the rainbarrel is defective and only if the exchange is requested **not later than 2 months** after the date the rainbarrel is delivered/picked-up.

I agree to the terms of Rainbarrel Distribution Program. I agree to install my rainbarrel within 30 days at the above address. I understand if I do not install it within 30 days that I may be charged \$60 per barrel on my utility bill to reimburse the City for the City's portion of the rainbarrel and program costs.
