RETURN APPLICATION WITH COPY OF SALES RECEIPT

WASHWISE REBATE PROGRAM GUIDELINES (rebate amounts effective for purchases made on or after 7/4/08)

The WashWise Program offers rebates of up to \$150 to customers who purchase new water and energy efficient washers. The rebate consists of two parts: a water rebate and an energy rebate. To be eligible for the \$100 water rebate, you must be an Austin Water customer or get water from a MUD that purchases water from the City. To qualify for the \$50 energy rebate, your water heater must use gas from Texas Gas Service and be inside the city limits of Austin or Sunset Valley (**Gas Rate Austin I/S Res or Sunset Valley I/S**), or use electricity supplied by Austin Energy. Rebate eligibility and amount is determined by guidelines in effect on the date of purchase. Customers are eligible for one rebate per installation address within a five-year period unless multiple washers are installed and operating simultaneously. **Program guidelines and rebate amounts are subject to change.** Residents of Rollingwood are eligible for an additional \$50 bill credit from the City of Rollingwood.

The following models currently qualify for a rebate (letters and numbers must match exactly):

Ariston	AW129, AW149

Instructions (IF YOU HAVE QUESTIONS, CALL the City of Austin Water Conservation Division at 974-2199, Texas Gas Service at 407-1842, or the City of Rollingwood at 327-1838.)

- Purchase and install a new high-efficiency model that qualifies for the rebate.
- Complete all sections of this application, except the section labeled “City Use Only.”
- Applications must be postmarked within 30 days of sale or installation (include delivery or installation receipts if available).
- Customers can expect a rebate check from the City within 6-8 weeks of application. **Texas Gas Service will send a separate check for those with gas water heaters.** City of Rollingwood customers will also receive a credit on their utility bill.
- Read and sign this Customer Agreement and mail the completed application and a **COPY OF THE SALES RECEIPT SHOWING MODEL, PURCHASE DATE AND PRICE** to:

**WATER CONSERVATION PROGRAM
