

Austin guide to... **EAST AUSTIN** *environmental initiative*

To address the specific environmental concerns in East Austin, the Watershed Protection and Development Review Department created the East Austin Environmental Initiative. Mandated by the City Council in 1993 at the urging of East Austinites, the program fosters a partnership between the City and its citizens.

Goals:

- Inform citizens about environmental issues and projects
- Encourage citizen involvement in problem solving
- Enhance City and citizen cooperation

What We Offer:

- A semi-annual newsletter
- A Speaker's Bureau for the local community
- Participation in East Austin community events

For Additional Information:
